EDUCATION

- 2016 – 2020 **Master of Physics (MPhys)**
FIRST CLASS HONOURS
Theoretical Physics
University of Durham
- 2009 – 2016 **Secondary Education**
The High School of Glasgow

POSITIONS

MARCH 2021 – PRESENT (FT)

Universität Siegen *PhD Student*

I am currently working as a PhD student in the TPi research group for particle physics at Universität Siegen, focusing on lattice simulations of QCD. This role involves participating in research projects requiring strong dedication and focus. I work with others both within the TPi group and internationally to complete research, and also as part of larger collaborations focused on delivering high precision lattice results. Further research interests include new physics models and quantum computation for high energy physics.

RESEARCH WORKS

COMPUTER SKILLS

- INTERMEDIATE Fortran, Perl, HTML
- EXPERT Python, C++, Unix, L^AT_EX

FURTHER EXPERIENCES

Teaching Assistance

Throughout my Masters and PhD, I have taken up teaching assistant duties for various courses. These include ‘Scientific Programming’ and ‘Practical Lab: Intro to Lattice QCD’, as well as advising a Bachelors student in their thesis. I have lent my knowledge of particle physics and programming in languages such as C++ and Python to good use in order to educate students and advance their own academic careers.

Systems Administrator

During my time at UniSiegen, I have taken on responsibilities as part of the Sys Admin team managing and maintaining the computer systems of the TPi group. This involves educating users on working with Linux systems and providing assistance and new services as needed by the group.
